“ June was my sister, we shared lots of memories over the years of our childhood and into adulthood. I do remember when the children were growing up, when visiting June and family, the glass jar that was always filled with delicious donuts. June was much more than the food she cooked. June was a loving Mother, and cared deeply for her children. June had hardships and disappointments over the years, but she always remained the sweet, kind, gentle, and giving woman that we all loved.

*May she Rest In Peace

“ I will be forever grateful to June for the loving care she gave to my father. He was very lonely after my mothers death. He met June and they were fortunate to have many happy years together. June took good care of him in his failing years prior to his death. She was loved by my family particularly my daughter Christie. Christie enjoyed her nights and days with them in her childhood. June was always a gracious and nice person. I will always have fond and loving thoughts whenever I think of her.

“ My fondest memories of June go back to the 50's and early 60's when I was a child and her cooking in front of their big wood stove in the kitchen. Cookies! She lived next door to my great-grandmother across from the golf course. She was a sweet lady. My deepest sympathies go to all the families.
