“ I am Eunice's granddaughter. She was more like a mother to me than my own. We had a connection. The past few days I've felt her presence and she wrote to me shortly before she passed. She begged me to see her, I never made it there, although she told me she didn't have much longer. I will remember her my own way, as "My Safe Place".##imported-begin##Sarah Rose Friend##imported-end##
