“ It is with such a heavy heart that I write this. I remember the very first time I met you 40 years ago. You came into the Wilderness Rest. for a coffee on a stormy fall night, and I served you. And you kept coming back and we became fast friends. You even measured my feet for clogs lol! There were so so many acts of kindness on your part, you were so handsome and tall and tan and smart and kind. We had a friendship that lasted for years but over time we grew apart and I never saw you and what I wouldnt give to just sit down right now, one last time and talk to you as an older and wiser woman. So many acts of stupidity on my part and you with your beautiful heart. One day I will never forget that is etched in my mind forever is a warm summer day on 1st Conn. Lake sailing on your catamarand with a group of friends and we all went out to that secluded island and swam and drank and did back dives off the tall rocks, I knew it was one of those moments that you never forget we all had such a wondertime time it was one of the most beautiful days of my life. I am so saddened by the news of your passing i cant even believe how stupid of me not to have reached out to you. Time marches on and I'd like to think someday we will visit again. God bless you Lloyd, you meant more to me than you knew.
