“ We would like to thank all of you that sent cards, notes and emails in memory of Patty. Patty was a great sister. What one of us couldn't think of for trouble to get into the other could,back when we were younger and even more foolish. We rode motorcycles all over the North Country all summer and snowmobiled it all winter. We had a childhood that I still can hardly believe was so wonderful, full of love, and such a warm and loving family to always come home to! She always heard a different drum but she lived her life to the fullest in the way she wanted whether anyone else liked it or not She's with the rest of our family now and not in all the pain she had been enduring at the end. RIP Patty We love you and will always miss you

“ dear warren and angie, charles and I want you to know that we are thinking of you . Muriel helps me to know more of the wilson's mills history each time we walk. I love this country .... your experiences are so rich. we didn't know Pattie or your family yet the hills and streams breathe of you. Looking at her picture I can see she had a happy beginning. “ I am so sorry to hear of Patty's passing. My family and I knew Patty, even we've not seen her for long time. However, will always remember her smile and zest for life. She was always fun to be with. I have memories of her of times she, my brother and I hung out together. She loved her daughter so much and now, finally, they both can be together in a healthy environment. I bet they both are laughing together. Patty is remembered as a special person in my life. Regards, Mona & brother.
