

## Paul P. Daley

June 2, 1934 - January 12, 2017

Paul P. Daley, 82, of Stewartstown, died peacefully with his family by his side on Thursday, January 12, 2017 at the Upper Connecticut Valley Hospital in Colebrook, NH.

Paul was the firstborn child of the late Joseph G. Daley Sr. and Yvonne O. (Goulet) Daley and was born on June 2, 1934 at the Coos County Hospital in West Stewartstown, NH. He graduated from Colebrook Academy in 1953 and attended the New Hampshire Technical College in Manchester, NH where he earned an associate degree in welding. He was a veteran of the US Army.

To summarize Paul's career as a self-employed logger wouldn't begin to encompass the mastery of skills he possessed. Paul started working in the woods with his father at a young age and continued logging with his brothers. He was the sawyer at the family sawmill, and helped design and build several homes and a camp on Maidstone Lake. He also drove his Mack truck on road construction that included I 89 in Vermont, built bridges, operated and repaired heavy equipment. He was known for his ability to fix anything and was fascinated and had a gift with all things mechanical. One of his greatest loves was making maple syrup and keeping abreast of the developments in the industry. Devoting himself to his family for many years, he assisted his mother when she was widowed and was a father figure to his siblings. Paul served the town of Lemington in several capacities including: auditor,

selectman, road commissioner and lister. He was an avid Nascar fan and a communicant at North American Martyrs Parish.

On April 29, 1983 Paul gave up his bachelor days, married the love of his life Louise P. Gould, and moved from Lemington to Stewartstown. They made a life together sharing many happy memories and traveling throughout the United States. His family grew by three as he gained two cherished daughters, Ann and Susan with whom he couldn't have been closer. As the family expanded he found great joy in grandchildren and great-grandchildren.

Paul was a patient and kind problem solver, and he will be remembered for his strength of character, work ethic, his ever present Prince Albert tobacco pipe smoking and his sweet tooth.

He is survived by his wife of almost 35 years, Louise Gould Daley; two step-daughters, Ann McKinnon Champagne, and her companion Bob Flagg; Susan McKinnon and her fiancé Gerald Reynolds; three grandchildren: Benjamin McKinnon, Cecily and Jonathan Marchand, and Dawson Klebe; and great-grandchildren Adalynn and Koal Marchand. He leaves behind two brothers: Edward and Jeanne Daley and Joseph Jr. and Barbara Daley of Lemington, VT; and three sisters: Alice Noyes, Ann and Thomas Balon of Manchester, NH and Myra Ellingwood of Lemington, along with numerous nieces and nephews and his favorite pet, Kitty Daley.

He was preceded in death by his parents and two brothers-in-law, John S. Noyes and Reginald E. Ellingwood.

“ I remember when I was younger taking rides up to see Aunt Yvonne Daley with my Nana Mary Platt also with my Aunt and U ncle Jean and Jimmy Doolan. I was always amazed to go there. Paul was always there. He was always so nice to us. As I grew older and lived in Colebrook if I would meet up with him he would always say hi. Paul was a very kind man. Actually my Dad Robert Platt Sr had just spoke to him at Claudette and Deans Restaurant just a few days before his passing. I am sure you all have alot of good memories of Paul that will get you through this trying time.May you rest in peace now Paul. My condolences to his family.

“ One of my favorite memories of uncle Paul was when I was very young, I had learned we had the same birthday and my middle name was in his honor. I was able to hang out with him while he was fixing his big truck. I was amazed at all the tools and cool stuff he had in the barn. I would ask questions, he would answer them. Finally he was finished, and he asked if I wanted to take a ride in the truck and check out what we fixed. I was so excited. He gave me that uncle Paul smile and told me to run in the house and let them know. After he helped me into the truck, I couldn't believe all the cool gear shifts and gadgets. Off we went, me bouncing up and down on the seat as the truck rolled along. We were both so proud that day, him for fixing the truck and me for being able to go for a ride in it with him.

AN

“ One of my favorite memories of Paul was the year he took a string of exterior Xmas lights my mother was throwing away, quietly fixed them, and went out and cut an exterior Christmas tree and put it on our porch. He surprised all of us when he lit it up that night. He was about 13 at the time, but I was pretty impressed. But that was nothing compared to the scoop shovel he built out in the garage to fit the crane or bulldozer. It looked and worked as well as anything on the market and kept my father in business. He had a steady stream of people coming to the house for the "fix it" man. Alice
