“ *My deepest sympathy to you Rob and all of Bob's family. I am in Florida till end of this month and just heard the sad news. I periodically would touch base with Bob and even though he knew his last day could come at anytime he continued on and tried to do his best under his life circumstances. I enjoyed our many years of collaboration and friendship. RIP Bob.*

It's been a long 6 years now. I think of him everyday and wish that he was still with us. I'll never look at sledding the same way anymore. I truly thought that we both was going to freeze to death up on that hill by the snack shack. If you are able to get this message. Please reach out to me. 603 858 5327. Love you Bobby no matter where you are. Always know you will always be in my heart.
